

2024 Lottery - Applications and Seats Available

LEAs offered a total of 30,458 seats in the SY24-25 lottery for 23,312 applicants. In the above graph, the yellow line reflects the number of seats offered, while the red bar reflects the number of applicants in the lottery. For example, at PK3, 4,912 students matched against 7,037 seats.

Many schools fill a significant portion of their seats with students who re-enroll and students who have a right to attend due to a feeder pattern or geographic right (DCPS neighborhood schools only). Those seats are not allocated through the lottery or reflected in this table.
