

Total Applications and Results from 2014 - 2020

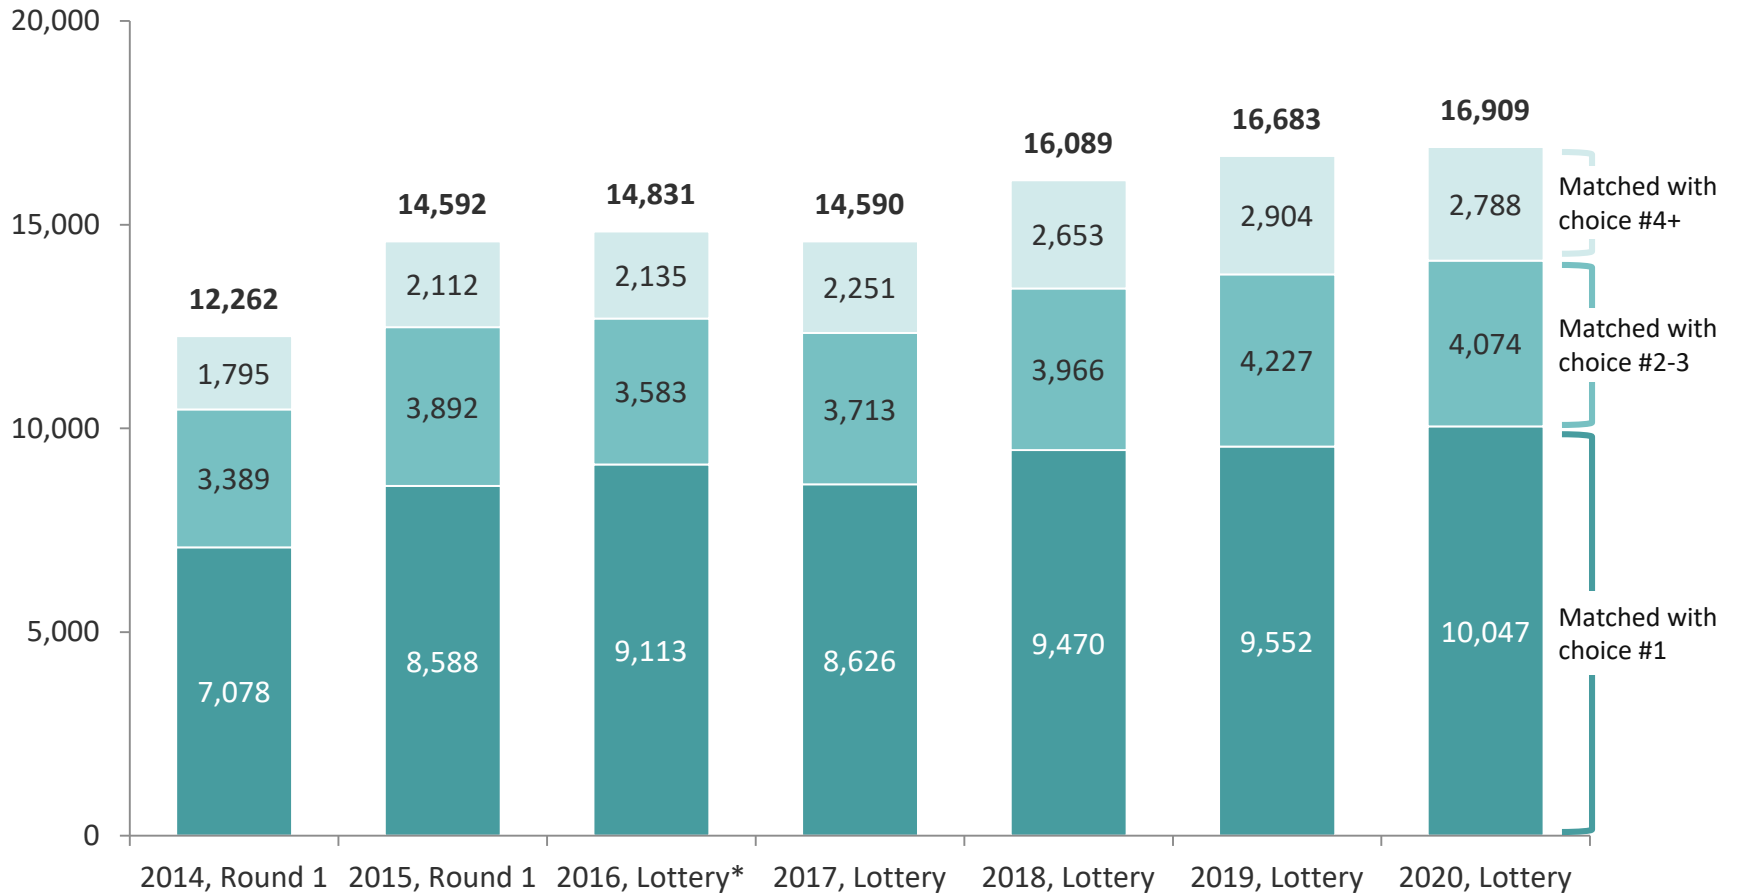

My School DC saw a slight decrease (-2%) in applications from 2019 to 2020, driven primarily by fewer applications in non-entry level grades.

The match rate for 2020 was 67%, a slight increase from last year.

*Beginning in 2016 there was only one lottery so no Round 1 distinction is needed

Match Results from 2014 - 2020

This year, of matched families, **59%** were matched to their #1 school selection, compared to 57% last year. **84%** were matched with one of their top three school selections.

**Beginning in 2016 there was only one lottery so no Round 1 distinction is needed*
