

Total Applicants and Results from 2014 - 2023

Unique applicants increased by 3% (+701) from 2022 to 2023, with additional students applying to high school grades. **The match rate for 2023 was 74%**, the second year in a row of increased matches for students.

Note: the SY21-22 & SY22-23 lottery cycles were conducted amidst the COVID-19 pandemic. A drop in applications was foreseeable based on local and national enrollment trends and impacts due to the public health emergency.
