

2026 Lottery - Applications and Seats Available

LEAs offered a total of 33,439 seats in the SY26-27 lottery for 20,987 applicants. In the above graph, the yellow line reflects the number of seats offered while the red bar reflects the number of applicants in the lottery. For example at PK3, a total of 4,416 students applied to 7,305 offered seats.

Many schools fill a significant portion of their seats with students who re-enroll and students who have a right to attend due to a feeder pattern or geographic right (DCPS neighborhood schools only). Those seats are not allocated through the lottery or reflected in this table.
